RIVER CITY CASINO BOULEVARD

Pinnacle Entertainment invested more than **\$23.8 million** in the development of the new **River City Casino Boulevard**.

The new **River City Casino Boulevard** provides a vital new east-west link between the I-55 and South Broadway corridors, creating more efficient traffic flow in the Lemay area and opportunities for additional economic development.

The roadway was made possible through the cooperative efforts of U.S. Rep. Russ Carnahan, County Executive Charlie Dooley, City Alderman Matt Villa and the St. Louis Development Corporation, County Councilman Steve Stenger, the Metropolitan Sewer District, the Secretary of the Air Force and Pinnacle Entertainment, Inc.

River City Casino Boulevard stretches nearly 1.5 miles from I-55, through new signal-controlled intersections at Lemay Ferry Road and South Broadway, and on to the River City Casino site. The roadway consists of two new drive lanes in each direction with turn lanes at each intersection.

The roadway constitutes approximately 0.3 improved miles of the former Weber Road and approximately one mile of newly constructed roadway.

Other improvements include the installation of 72 new ornamental street light poles and fencing between South Broadway and the River City Casino site; as well as the replacement of Gravois Creek Bridge along Weber Road, construction of the new Kaiser Creek Bridge, and the new UPRR Bridge.

New sections of **River City Casino Boulevard** are built above the 100-year flood levels.

###

River City Casino is located at 777 River City Casino Boulevard, St. Louis, MO 63125
