The red-hot casino action is matched only by the rich, sultry design of the casino floor. A blend of warm, sexy reds is accented by brilliant jewel tones of emerald, amethyst, topaz and sapphire in a mix of retro patterns on floor and wall coverings. Rows of table games are crowned by gorgeous three-tier red Murano glass chandeliers and ivory silk shades dripping with dozens of crystal prisms. Surrounding columns are adorned with luxurious tie-back drapery accented by large-scale red Murano glass wall sconces.

### **Comfort and Convenience**

River City Casino was designed for the comfort and convenience of both customers and employees.

While smoking is permitted on the casino floor, state-of-the-art “smoke curtains” emit a constant stream of air, which quickly pulls smoke away from table games players and dealers.

Adjustable, ergonomic chairs at the slots and table games offer exceptional comfort and support, allowing customers to play longer. Extra-wide aisles provide easier access to all areas of the casino floor.

Video poker machines with 17-inch monitors allow for easy viewing. And every slot machine is equipped with a personal TV, so customers can enjoy their favorite shows or watch the big game without having to leave their favorite machine.

Four self-serve beverage stations offer a variety of soft drinks free of charge.
