

The object of DJ Wild Poker is to get a higher five-card poker hand than the dealer. The game is played with five wild cards—the four deuces and one joker.

GETTING STARTED

You make equal bets on the Ante and Blind to play the game. You may also wager on the Trips side bet. You will then get five cards and make a decision: Fold or make a Play bet of 2x your Ante.

WINNING & LOSING

The dealer will then reveal his five cards and announce his hand. If the dealer beats your hand, your Ante, Play and Blind bets lose. If the dealer ties your hand, your Ante, Play and Blind bets push. If your hand wins, your Ante and Play bets pay 1 to 1 and your Blind pays according to the payable.

TRIPS BONUS

The Trips bet wins if you have three-of-a-kind or better. Natural hands pay more than ones that use wild cards. See layout for odds.

NOTE All hands with a deuce are not considered “wild.” If the deuce is not used as a wild card to make a winning Trips hand, it will be considered natural.
